

Cambridge Valley Rescue Squad

Instructions for Patient Information Capsule (PIC)

1. Complete the form. If you have any of these additional forms:
Do Not Resuscitate, Health Care Proxy, or Living Will
Put them along with the PIC form in the tube and put the cap on.
2. Place tube in kitchen **FREEZER**.
3. Put magnet on refrigerator door in visible location.

Please keep all forms up-to-date!

New forms can be printed off the Cambridge Valley Rescue Squad website.
www.cambridgeems.com

*The purpose of the PIC program is for all important medical information to be in one central location in the event you are unable to tell us what we need to know to help you. If you have **any** questions, please contact us at 518.677.8211. We are here to help! **In case of an emergency dial 911.***

It is the responsibility of the physician to determine, at least every 90 days, whether this order continues to be appropriate, and to indicate this by a note in the person's medical chart. The issuance of a new form is NOT required, and under the law this order should be considered valid unless it is known that it has been revoked. This order remains valid and must be followed, even if it has not been reviewed within the 90-day period.
